

THIRTY-NINTH YEAR

MINIMUM WAGE
RULES HELD UP
BY COURT ORDERJudge Nuesse Grants Tempor-
ary Injunction in the
Case

NOT THREE ON BOARD:

Grounds for Ruling Were That
Board Was Not Properly
Constituted

A temporary injunction against enforcement of five classes of minimum wage rules of the North Dakota Workmen's Compensation bureau has been granted by Judge Nuesse, in district court.

The basis for the ruling of Judge Nuesse is that the law contemplates that the workmen's compensation bureau, which has charge of minimum wage restrictions, shall be composed of two commissioners and the commissioner of agriculture and labor. At the time the rules were issued, L. J. Weis had been removed from the bureau, and although he was contesting his place, it was held by the judge that the bureau was not constituted by the three members as the law requires.

Some of the points in the decision were raised in a recent case before the supreme court in which the railroad commission was involved, Judge Nuesse's decision being in accord with the finding of the higher court on these points.

Temporary Order

A temporary restraining order against enforcement of the minimum wage rules affecting the Northwest Telephone Exchange company and the Grand Forks Steam Laundry company, as a representative of the North Dakota Laundrymen's association, was granted. A hearing was held on their plea for a temporary injunction during the time in which the case could be settled on its merits.

The case was contested in court here, several attorneys appearing. There were no witnesses who testified as to whether the rates fixed were too low, but the question was raised as to the legality of the action, which is the basis of the decision.

It is expected that the representatives of the bureau will either seek a trial on the question of whether or not a permanent injunction should be issued, or appeal to the supreme court immediately from the ruling court.

Among the classes included were laundry workers, office workers and telephone girls, as well as sanitary and general regulations.

Into Hands of Receiver at
Aberdeen, S. D.

Aberdeen, S. D., Nov. 18.—The Northwest Square Deal, leading daily paper of the Nonpartisan League in South Dakota, today went into the hands of a receiver on petition of the stockholders. The complaint, filed in the circuit court here two days ago, shows that farmers of this section signed notes and paid cash to the extent of \$41,565.22 to support the paper since January of this year.

There is, in addition, a \$5,000 mortgage on the real estate. D. H. Lichtenber, of Aberdeen, was appointed receiver. The petitions representing the stockholders are O. E. Hollen, W. F. Werth and Frank Kamen, farmers of Brown county. They allege that there was a monthly indebtedness of \$1,500. The only assets are the moon-gate plant, which was bought from Frederick W. Salter, former publisher of the *Sioux Press*, a German paper in Sioux City, Iowa.FAMOUS LARSON
CASE SETTLED
BY ATTORNEYS

Fargo, N. D., Nov. 18.—Mrs. Amanda Larson, of Fargo, will receive an "un-named amount" from Mrs. Clara D. Schmidt-Russell, wealthy property owner of Fargo, for injuries alleged to have been sustained when a brick from one of the Schmidt-Russell buildings fell on the plaintiff more than two years ago.

This agreement was reached by counsel today shortly before the complicated case was to have been called up for retrial in the Cass county district court.

The sum of \$26,000 was awarded Miss Larson in 1913. The case was appealed to the supreme court and was remanded to the district court for trial.

W. T. RESTRICTIONS

Washington, Nov. 18.—The Western Union Telegraph company, says an announcement issued today by the state department, not only refused to accept any government cable messages without payment of 15¢, but has also refused to carry at the reduced government rate messages originating outside the United States.

MARKETING FIRST AIM

(By Associated Press)

Fargo, N. D., Nov. 18.—Dr. E. F. Ladd, first U. S. Senator elected as candidate of the Nonpartisan League, announced here that his first aim in Congress will be to promote a better system for marketing the grain and other food products of the farm.

"It is a serious problem that faces Congress," Dr. Ladd said. "Something must be done and within the next few years if we are to save the farming industry from demoralization. Even now the most of the men left on the farm are middle age and elderly—the younger men are looking for greater opportunities."

"I believe that dealing in futures on stocks, selling grain in which the seller never had an equity, which never existed and which will never be destroyed, and which will never be destroyed, is a species of gambling which does not stabilize prices or benefit the producer or consumer. It is a matter which every legislator ought to study until he has a just comprehension of it and then consider whether it is not worthy of legislation."

The co-operative movement must go hand in hand with helpful legislation in improving the situation. Farmers must come to own their buying and selling organization."

"It is logical to pass banking funds from federal reserve bank and federal land bank available to these organizations. Farmers will be able to hold their grain, and they are not obliged to sell it, destroying them on the market at the end of the harvest."

The land should be broken up and be made to fit a better school system into rural districts and give the farm children the same chance for education as held in towns and cities.

The co-operative movement must go hand in hand with helpful legislation in improving the situation. Farmers must come to own their buying and selling organization."

ELECTRIC CASE ON CITY RATES SET FOR NOV. 24

Judge Issued Order on Hughes Electric Company to Show Cause in Rate Matter

RATES NOT SUSPENDED

The case of the board of railroad commissioners against the Hughes Electric company, in which the railroad board seeks to enjoin the company from continuing to charge increased electric lighting rates put into effect after being refused by the railroad board, will be heard before Judge Nuessle in district court on Nov. 24.

The order issued by the court is an order to show cause why the defendant company should not be enjoined from continuing to charge the rates, which became effective in October. The case was filed by the attorney-general's office on request of the board of railroad commissioners. F. E. Packard drawing the complaint.

The order directs the defendants to show, "Why writ of prohibition and injunction should not issue, restraining and enjoining the above-named corporation from proceeding under and by virtue of the terms and provisions of a certain schedule of rates and charges filed with the Board of Railroad Commissioners of the State of North Dakota, on the 30th day of August, 1920, and which became effective in the city of Bismarck, North Dakota, on the 30th day of September, 1920, and which said schedule of rates and charges is now and has been in full force and effect since said date, and from operating thereunder or doing any act contemplated by or referred to in said schedule of rates, and from ordering or directing, requesting or requiring any consumer of electric current to pay the rates and charges therein set forth, or any other rates and charges other than those fixed and promulgated by the Board of Railroad Commissioners of the State of North Dakota, or from refusing service to or cutting off the electric current from patrons of the said Hughes Electric Company, who refuse to pay the rates and charges named in said schedule of August 30, 1920, and to show cause why such other and further orders should not issue as shall be deemed by the court necessary for the protection of the full right of the City of Bismarck and the inhabitants thereof.

It is further ordered that a copy of this order, and affidavit and petition upon which the same is based, be served upon defendant prior to said date of hearing, and that until the determination of said order to show cause the said defendant and respondent is hereby restrained and enjoined from charging or collecting any of the rates set forth in said schedule, which became effective on the 30th day of September, 1920, or from charging or collecting any other rates for electric current furnished its customers in the city of Bismarck, County of Burleigh, State of North Dakota, than those set forth and approved by the Board of Railroad Commissioners in order No. 150 or from cutting off said current."

Liable to Fine

Those who have wilfully or negligently failed to file information with the revenue collector upon discovery will be liable to fines ranging from 100 per cent cash to a fine of \$10,000 and five years imprisonment, according to Mr. Byerly. The penalty attached will depend upon the severity of the offense, Mr. Byerly said.

"Those who have neglected to pay their income tax this year, would probably be wise in paying it now before the delinquent drive is fairly started," Mr. Byerly said.

The vastness of the task confronting income tax officials in checking the individual reports filed with the reports of corporations as to the income of their employees, and the auditing of income tax reports has taken from March 15 until now, and has thus held up this delinquent drive. Records now on file in the Fargo office show the names of many North Dakotans who have failed to pay taxes, and with the aid of these records and other information available the delinquent drive will be launched.

EX-SERVICE MEN MUST ACT SOON ON INSURANCE

War Risk Officer of Legion
Comes to City to Explain
Conditions

Ex-service men who want to renew their war risk insurance should act soon.

This is the advice of Ted Hoverson war risk insurance officer of the American Legion of North Dakota, who is in Bismarck on war risk insurance matters.

A recent ruling requires soldiers to take a physical examination at their own expense for reinstatement after the first of January. Before that time they can reinstate without examination.

Mr. Hoverson will talk to the members of Lloyd Spez post, American Legion, at a meeting on Friday night, when he will explain matters fully.

It is probable that the question of establishing club rooms will be talked over at that meeting. Many members of the legion are anxious to have them established.

"CHILD FINDING" SYSTEM PLANNED BY BOY SCOUTS

Will Respond to Call When
Emergency Whistle Is
Sounded.

A "child finding" system is the latest innovation of Bismarck Boy Scouts. Twice during the summer parents were uneasy for a considerable period of time while they and friends hunted for kiddies who had strayed away from home.

The Boy Scouts propose that when children are missing, the telephone operator be asked to have the emergency call—three long blasts sounded by the city fire whistle. Boy Scouts will respond to the call, and search over the entire city.

This is only one of the ways in which the Boy Scouts propose to help people in the city. They make the following announcement:

"For minor jobs that do not require immediate attention, Red Cross, City Cleaning, and other jobs of like nature call up after school hours and on Saturdays. If child is found, we will respond to call."

WOULD CHANGE PERSONALITY OF A VILLAGE

Vanderlip Says It Can Be Done
and He Buys Village to
Prove It

WILL REMAKE THE PLACE

BY LORRY A. JACOBS,
N. E. A. Staff Correspondent.

OSSINING, N. Y., Nov. 18.—How can the personality of a town be changed? Frank Vanderlip, international financier, didn't like the personality of Sparta, a town of 30 families, a little way from here, and so he bought it.

Now he plans to make it over until its moral tone suits him.

Sparta has always been a drinking town.

It was a crossroads inn town during the Revolution, and if common report is correct, one still may find the fluid that burns and cheers. George Washington often stayed at its inn and the man who invented the Monitor lived at Sparta. These facts attracted Vanderlip 10 years ago.

Foreign Population

The original colonial stock of the town has vanished and in its place has come a polyglot population drawn from Italy, Sweden, Russia and Hungary.

"I never could understand Sparta's low standard of living," Vanderlip said. "Wealthy people who live at Scarsboro-on-Hudson, a few miles away, tried to raise the standard by giving things to the Spartans. That kind of charity failed. Every other plan to make Sparta a better town failed also."

"I'm going to try a new plan. I'm going to build some model tenements, remodel the present buildings and give them modern conveniences, including sleeping porches."

The only other time a man tried to reform a town by buying it is the attempt failed. A millionaire bought a western mining town that had a bad reputation. He replaced the original inhabitants but in a few years the new folks were worse than the old. His experiment failed, it is said, because there wasn't enough fresh blood in the town. The people all knew each other and feuds and fights developed.

Nearly all of the 30 families of Sparta are intermarried. Everybody is a relative of everybody. They are a suspicious folk and I found them unwilling to talk of their town or of Vanderlip's plan. Vanderlip will protect his experiment from the same failure that occurred in the west by taking measures to keep transients coming to the town and townspeople moving away.

MINNESOTA TO MAKE ARMISTICE DAY ONE OF LEGAL HOLIDAYS

DULUTH, Minn., Nov. 18.—A bill to make Armistice Day, November 11, a legal holiday in Minnesota will be introduced at the next session of the legislature. Its sponsors will be Senators Emil M. Erickson of Duluth and W. J. Kunta of Waconia and Representatives William L. Bernard and Frank G. Scribner of Duluth, who decided at a meeting here recently to introduce the measure.

If the bill becomes a law, the first Armistice day to be observed a legal holiday will be Nov. 11, 1921.

No special observance of Armistice day was held generally in Duluth this year, although several clubs had arranged programs, and the American Legion gave a big dance in the armory in celebration of the day.

Too Fat?
Easy, Home Self Treatment

OVERWEIGHTNESS, in many cases, weakens and affects vital organs of the body, injures the health, shortens life, causes heart collapse and other ailments. (Continued from page 1.)
excessive weight spoils a person's attractiveness and efficiency to do things.

Don't like your health and appearance? Don't like the way you look? Don't like the way you feel? Don't like the way you dress? Don't like the way you move? Don't like the way you feel?

Spending time daily in the open air, breathing deeply, and not from any diagram, is the best way to lose weight.

Weight and measure yourself every week. Continue reducing gradually until you are at your ideal weight. This system is not only harmless, it is pleasant and even a few days' treatment has often shown a noticeable reduction.

Korner's system has failed when others have failed. It is the delight of those who wish to improve their figures and appearance to acquire a younger, active and attractive physique.

FARGO SHRINE TO ENTERTAIN E. L. GARRETSON

El Zagal Temple Prepares Elaborate Reception for Imperial Potentate Friday

Fargo, Nov. 18.—Electricians and decorators late today completed their work in making the Masonic temple setting of oriental splendor for the reception tomorrow night designated as ladies' night for El Zagal Shrine of Tacoma. Wish Imperial Potentate for North America, Uncle and Arabic Order of Nobles of the Mystic Shrine.

Scenes were played by stage hands this afternoon for the gorgeous sun-visor oasis and harem scenes in the desert with the pyramids in the distance. The gorgeous and spectacular entry in full regalia of the uniformed bodies of the Shrine will take place in this setting.

Treat to Meet Garretson.

J. Frank Treat of Fargo, former imperial potentate of the Shrine, leaves for Duluth, Minn., today to meet Imperial Potentate Garretson, who will make his first official visit to El Zagal Shrine on Friday, in connection with the northwestern Shrine.

"DANDERINE"

Girls! Save Your Hair!
Make It Abundant!

mediately after a "Danderine" as your hair takes on new life, lustre and wondrous beauty, appearing twice as heavy and plentiful, because each hair seems to cluff and thicken. Don't let your hair stay lifeless, colorless, plain or straggly. You, too, want lots of long, strong, beautiful hair.

A 35-cent bottle of delightful "Danderine" refreshes your scalp, checks dandruff and falling hair. This stimulating "beauty-tonic" gives to thin, dull, fading hair that youthful brightness and abundant thickness—All drugstore.

Don't pass your cold to other members of your family. Don't stay stuffy! Quit flowing and snuffling! A dose of "Pope's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all grippe misery. The very first dose opens your clogged-up nostrils and the air passages of the head, stops nose running, relieves the headache, dullness, feverishness and stiffness.

"Pope's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice, no quinine.

First Copper Coin Issued Held in Duluth

Duluth, Minn., Nov. 18.—A Franklin penny, the first copper coin to be authorized by Congress, is owned in Duluth. A similar one discovered near Dover, Mass., recently was deemed so unusual that the fact was wired over the country.

The possessor of a similar coin in Duluth is Mrs. Joseph Wiles. The penny was struck in 1787 and is one of the few that were coined. The penny took its name from Benjamin Franklin, because of the inclusion in its design of the homely adaption "Mind Your Business" after a suggestion by him that coins should serve

DEVILS LAKE PUBLISHERS IN LIBEL CHARGES

Complaints Have Been Filed
Against Editor of Devils Lake
World by States Attorney

Devils Lake, N. D., Nov. 18.—Complaints that will lead to the arrest for criminal libel and conspiracy of Fred S. Austin, managing editor of the Devils Lake World, and a number of stockholders in that newspaper, which is a corporation, were filed this afternoon by States Attorney Hollis F. Hunt. Sheriff Elliot is now rounding up the defendants, who will be haled before Justice Duehl and arraigned on the charges in the complaints. Besides Austin the other defendants are J. W. Smith, county manager of the recent Nonpartisan campaign, Martin Hougham, Leonard Sharf, Carl Abens, Halver Sanderson, William McGillis, Jacob Carter and John and Jean Stoeter.

The criminal charges against these people are the result of a circular which was distributed in Ramsey county and Devils Lake a few days before for the election this month, wherein a number of prominent citizens are alleged to have been libeled with intent to disgrace them before the eyes of the people, and to injure their standing as businessmen. Five complaints have been filed against the owners of the World, the complainants being Dr. W. E. Hocking, vice president of the city commission, who is acting on behalf of President of the Commission Edward F. Flynn; Fred P. Mann, local merchant; J. H. Trimble of Bovey, Schute & Jackson, on behalf of A. B. Jackson, Jr.; Rev. H. Garfield Walker, rector of the Church of the Advent, and Rev. Prentiss Hovey Case, pastor of the Westminster Presbyterian church.

Grafton Paying

In the case of Mr. Flynn, it is charged that in the alleged libelous circular it is insinuated that he received graft on the paving job in this city, and it is also stated that he associates himself with vulgar, low and disreputable persons, which Mr. Flynn denies in the complaint.

In Mr. Mann's complaint, he states that he is accused in the circular of being a liar, a publisher of lies and that he has defrauded the people of this community who trade at his store.

Rev. Walker is charged in the circular with being indecent in speech and behavior, a blamable of womanhood, and it is alleged in the circular that he uses indecent epithets.

Charges Arrest

The circular, according to the complaint, stated that Rev. Case had been arrested by peace officers in Idaho during his recent stamping tour in that state against the Nonpartisan League, and that he used his position to defend the farmers, and that he was obliged to leave Idaho, and also that he associated with "grain robbers and gamblers."

The Libelous Circular

The alleged libelous circular, which has caused the filing of these criminal proceedings against the owners of the Devils Lake World, was circulated throughout the city and county a day before election. It was printed in ordinary newspaper about the size of a page of the Devils Lake World, and was signed "our for Justice—Workers' Committee."

Authorship in Doubt

Other than this, there were no marks on it that would lead to the identity of those who wrote the matter contained in it.

"It was headed "What's Your Color?"—Here's the color of some of the local V. A.'s." Then followed a series of headed articles wherein the character and integrity were attacked of A. B. Jackson, Jr., Rev. Walker, Rev. Case, A. R. Smythe, Edward F. Flynn, Thomas F. Nutting, A. E. Toomey, the Devils Lake Journal and Fred P. Mann. At the bottom of the circular were the words "These girls all ride in the same car, drink from the same bottle and sleep in the same bed."

In each of the complaints filed today are typewritten copies of the matter contained in the circular. It is alleged that the publishers of the Devils Lake World were instrumental in writing, printing and distributing the circular, although the World last

Facts for Sick Women

Reliable Information

All American women know of the great success of Lydia E. Pinkham's Vegetable Compound in restoring to health women who suffered from ailments peculiar to their sex, yet there are some who are skeptical and do not realize that all that is claimed for it is absolutely true—if they did, our laboratory would not be half large enough to supply the demand, though today it is the largest in the country used for the manufacture of one particular medicine.

The Facts contained in the following two letters should prove of benefit to many women:

Buffalo, N. Y.—"I suffered with organic inflammation and displacement. When lifting I had such terrible pain and swelling in the right part of my side that I could not stand up without it. It hurt so much I could not even sit down. I had to lie in bed clothes touch my side. I gave up my work thinking I would not be able to go back for months. My mother advised me to take Lydia E. Pinkham's Vegetable Compound as it had saved her life at one time, and it put me in a wonderful condition in a couple of weeks. I am now able to go back to work. I am keeping on taking Lydia E. Pinkham's Vegetable Compound as it has saved my life."

It took relief after taking two bottles of Lydia E. Pinkham's Vegetable Compound and I began to feel better. I am still taking Lydia E. Pinkham's Vegetable Compound as it has saved my life. I am in a wonderful condition in a couple of weeks. I am keeping on taking Lydia E. Pinkham's Vegetable Compound as it has saved my life."

LEAP YEAR DANCE
DELIGHTFUL EVENT

The leap year dancing party given by a group of young women Wednesday night in the dining room of the McKenzie was one of the most enjoyable affairs of the social season. The room, arranged by the decorations committee, Miss Anne Atkinson and Miss Edna Rust, was in holiday color scheme of red. Lights were shaded in red and ribbons to match were festooned from the central mirrors to corners of the dining room. The table, from which frappe and cakes were served during the evening, was decorated with a great center-piece of red carnations.

Chaperoning the party were Mr. and Mrs. E. B. Cox, Mr. and Mrs. Roy Lough, Mr. and Mrs. Spencer Boise, Mr. and Mrs. Benton Baker, and Mr. and Mrs. Tom Lough.

The following young women were hostesses of the evening: Grace Frazier, Agnes Parsons, Mary Parsons, Anne Atkinson, Miss Erickson, Eva Hester, Mildred Helstrom, Edna Rust, Lucille Hall, Ethel Fleming, Julia Weber, Freddie Hultberg, Esther Taylor, Eleanor Gustafson, Marie Irish, Vivian Irish, Miss Kilbert, Dorothy Blunt, Lois Pearce, Adele Kaufman, Margaret Wyncoop, Imogene McLean, Hazel Hendershot, Grace Gish, Christine Huber, Anne Mulaney, Mauda Williams, Miss Vrdeback, Isabelle Nichols, Irma Logan, Helen Lucas, Tess Henry, Miss VanBeek, Miss Theyne, Miss Roberty, Helen Halland, Helen Register.

A program of dances was enjoyed from nine o'clock. At the hour of twelve a special carnival number was danced, made especially picturesque with serpentine rolls thrown by the dancers.

Among the men who were guests of the affair were: Messrs. Holtz, Fred Jones, Mr. Beamer, Gordon Cox, Dr. Brandt, Dr. Blunt, Messrs. Inseth, W. H. Mann, Christianson, Myron Atkinson, Messrs. Flory, Tostevin, Semling, Dr. Arneson, Finley Baker, Harmon King, Hartley May, Dr. Brandes, Messrs. Nordlund, McPhee, Wargen Taylor, Messrs. Rhud, Gross, Hanson.

MADELINE

KELTE

NEW YORK—American grand opera is threatened by jazz! Girls with "jazz minds" never can become opera singers. And most girls in this day have jazz in their minds. These are some of the startling statements made by Miss Madeline Keltie, young

American soprano. She is concerned over where the opera of tomorrow will get its singers. "Opera," she says, "is as serious as it is expensive. Don't get the view that it's a gold mine. For it's not, unless the singer can appear in concert, register for records or enter the movies."

MISSES BERGSTROM A BRIDE
On Wednesday evening at 3⁰ at the Presbyterian manse, Miss Hulda Bergstrom became the bride of Curtis Dirlam. Rev. C. H. Postlethwaite performed the ceremony. The bride has been local manager of the Independent Telephone office in Bismarck, the groom is a well known young business man in the firm of Dirlam company. Miss Pauline Lobach, bookkeeper for the Telephone company attended the bride, and Mr. Roland Gross of Knowles' jewelry store, was the groom's attendant.

The bride wore her going away suit of brown, with corsage of bride roses. The bridesmaid wore blue georgette with corsage bouquet. Following the ceremony the bridal party went to the home of Otto Dirlam, the groom's father, where a delightful wedding dinner was served.

The young couple left on the evening train for Crookston, Minnesota, the home of the bride, where a brief honeymoon will be spent. They will make their home in Bismarck.

Cleanses the blood, bowel and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them.

Dr. Edwards' Olive Tablets do what calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with a "dark brown taste," a bad breath, a dull liver, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are a purely vegetable compound mixed with olive oil; you'll compound them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much better you feel and look. 15c and 30c.

HAPPY COUPLE

Band Boys Celebrate Marriage
of Curtis Dirlam and Miss
Bergstrom

The band played. The bride smiled—part of the time. The groom didn't smile—except a few times.

And the crowd on the streets just grinned.

It was the Elks' band boys method of celebrating the wedding of one of their numbers, Curtis Dirlam, who was married to Miss Hulda Bergstrom last evening.

Just who the conspirators in the band were are not known, but they all joined in. The wedded couple planned to leave on No. 4 last evening. They didn't care about having a band on the train, but the band boys did, so they met at the Elks' hall and stole up to the Dirlam home. They captured the bride and groom, who occupied seats in an automobile while the band paraded with them downtown. They stopped at Fourth and Broadway and played a few airs in honor of the couple, while a crowd gathered. Occasionally a radiant bridal face was disclosed by the aid of an automobile spot light. The concert finished, the band formed a parade escort to the automobile again, and marched to the station, where they played again.

And the tactful bride took pains to thank the band boys heartily for their warm attention.

HOSKINS FINDS
WILLYS-KNIGHT
IS ECONOMICAL

R. D. Hoskins just recently returned from Portland, after having driven his Willys-Knight there in order to have it in California during the winter.

Mr. Hoskins was quite enthusiastic about his trip, having made 164 miles on 100 gallons of gasoline and 16 quarts of lubricating oil. He had

no trouble during the trip, not even a puncture. In fact, at the end of the trip to Portland his total speedometer reading was 10,568 miles, with the original Federal tires and the original air in them.

Mr. and Mrs. Hoskins expect to have it in California sometime during December.

THE STATE'S OLDEST NEWSPAPER

(Established 1878)

WHICH ARE YOU?

A garden club leader speaks of "beginners" and "finishers." He points out that there are good "beginners" and good "finishers," meaning that some children are enthusiastic workers when the work is new to them, and others are as enthusiastic near the season's end.

"The beginners," he says, "go well until weeds and hot weather unite forces to make garden work unpleasant. Then they quit. Too many of the good beginners are quitters."

As to the others.

"Give me a food finisher rather than a young army of good beginners," the club leader exclaimed. "They don't show up so startling at the first, but they do stick to it during the summer months when sticking counts. The finishes are the ones who reap the harvest."

Now isn't that as true of everything else in life? In peace or war; in shop or office; in fields or mine; in any and all human endeavors? The good finisher is the winner. The good beginner, unless he also is a good finisher, never reaps the full harvest.

SAVOR OF LIFE

The spectacle of a man sitting down suddenly in the street makes nearly everyone laugh. So does the rare and delightful spectacle of a man who chases his derby and steps on its crown in his excited haste to recover it.

Earnest persons disparage those who do the laughing. There is a similar disparagement of the elemental sorts of movie comedy best represented by a sudden kick planted upon the seat of the conventional human pants.

It is intimated that a truly high-toned and cultured person wouldn't laugh at anything like that.

Perhaps, some day, ordinary humans will be so oppressed by those who undertake to improve them that they will no longer be moved to mirth by the loss of dignity of one of their kind. When that time comes, each might as well choose an epitaph, for most of the savor of life will have departed.

The exception will be those of such cold and superior temperament that quite naturally they greet such a spectacle with uplifted eyebrows. And one might as well be dead as like that!

A FARCE

In December recurs one of the extraordinary inefficient happenings of the political machinery of this government.

It is—as The Searchlight so aptly terms it—"the-don't-care-a-damn-session" of Congress.

Meeting after the November elections, this hold-over session of Congress is composed of reelected and defeated members. The defeated members "don't-care-a-damn" about the public interest; the reelected members are so far away from another election that they also "don't-care-a-damn."

Into these d. e. a. d. sessions of Congress are crowded a vast deal of the vicious legislation that congress enacts. A congested calendar—due to the short session—is combined with an attitude of don't careness on the part of the "lame ducks" who constitute such a considerable part of the Congress, and the consequence is that extravagance, pork and political jobbery of all kinds, runs riot.

The people, who have made their mandate known in November must wait until this holdover session is concluded before their will is felt. To make matters worse, unless a special session of Congress is called after March 4 by the new President, the Congress elected in November does not take office until a year from the December after the election!

Surely is it time to change such an absurd practice.

WHILE RESTING

"Let me see," muses the successful candidate, "it isn't much I have to do and I might as well plan it out."

"First, I must arrange to reduce all taxes to pay off the war debt."

"Then I must plan it so that wages will stay up and that the cost of living will go down."

"Wheat and corn, cotton and wool must be advanced in price to propitiate the growers, while bread stuffs and clothing must be reduced to avert the anger of the consumers."

"I must get America into the League by some

simple plan which will fully satisfy the Leaguers without offending the bitter-enders.

"I suppose it will be simple to pardon the political prisoners and the conscientious objectors in some suave way which will greatly tickle the militarists and the super-patriots."

"I must be guided by the Old Guard and accept the program of the Progressives."

"In order to get anything done, I must rule Congress with an iron hand, but of course I shall not be the least bit dictatorial."

"I must see to it that American interests control Mexico, without exercising any coercion upon a friendly nation."

"I must keep the Orientals out of America and see that Japan has all the right of a 'most favored nation'."

"I must distribute the offices fairly to all factions, so that everybody will be satisfied and the efficiency of all departments increased."

"Ho, hum! I'm afraid I'm going to have a tedious time."

EDITORIAL REVIEW

Comments reproduced in this column may or may not express the opinion of The Tribune. They are presented here in order that our readers may have both sides of important issues which are being discussed in the press of the day.

TOLERANCE AND HOME RULE

The attitude of Senator McNair of Traill county holds out the promise that what The Forum has been advocating under the name of "tolerance and home rule" may yet prevail at Bismarck during the coming winter.

Senator McNair has given his word to the committee considering recall petitions against him, that he no longer will be bound by the Nonpartisan league caucus at Bismarck, and in view of this promise the committee has decided not to push the recall proceedings.

The decision evidences good judgment on the part of both Senator McNair and the committee.

The recall is not a weapon that should be used indiscriminately, but it is a weapon that can very properly be used against legislators who place their pledge to the caucus above their oath to perform the duties of their office faithfully. Senator McNair represents a district that has shown a most decisive majority against Townleyism in the last two elections. The secret caucus system was one of the big factors in the legislative fight. Undoubtedly the vote in Traill county can be construed as a vote against the secret caucus system.

Senator McNair, therefore, was in the position of representing a district which had repudiated the secret caucus, and yet he placed his word to the secret caucus ahead of his oath to represent his district faithfully. It was an indefensible stand, and Senator McNair evidently had the fairness and good judgment to recognize the fact that he was not on solid ground.

With Senator McNair as a real representative of the Traill county district, it is possible to confer and consult and to reason. If he can be shown that the voters of his district favor a certain measure, he can be counted on to support that measure. If he can be convinced that a measure is wrong, he can be counted on to vote against that measure.

But with Senator McNair pledged to support the secret caucus blindly, it was not possible to confer or reason. He openly stated on the floor of the senate at the last session that he was voting against his own convictions because of his pledge to the secret caucus. Such a man, so pledged, is not a representative. The recall certainly should have been used against him if he had not withdrawn his caucus pledge.

But Senator McNair has recognized the justice of the plea for home rule, and The Forum sincerely hopes he will be listed among those legislators who make a sincere effort to achieve tolerance also in order that the business of the state government may not become deadlocked at Bismarck this coming winter, with the legislative and executive branches neutralizing each other.

If other Nonpartisan league legislators would follow the example of Senator McNair and repudiate the caucus it would be a tremendous factor in bringing about a new era of reason and common sense at Bismarck, replacing the old bitterness and intolerance which have characterized recent sessions.—Fargo Forum.

The people, who have made their mandate known in November must wait until this holdover session is concluded before their will is felt. To make matters worse, unless a special session of Congress is called after March 4 by the new President, the Congress elected in November does not take office until a year from the December after the election!

Surely is it time to change such an absurd practice.

A WONDERFUL MINE FIRE
REPRODUCTION SCREENED

Most everybody has read with feelings of horror vivid accounts of great mine fires in the daily press. They have been thrilled at the graphic description of the maddened men fighting for life in the raging inferno far beneath the surface of the earth while the frenzied women gathered about the top of the shaft wringing their hands in despair for their loved ones caged in the seething furnace underground. But how few of us have actually seen this terrible holocaust spread out before our terrified vision?

Yet this same feat has been accomplished—through the art of the motion picture camera—and by no less noted producer than Allan Dwan. In his latest big screen production, "In the Heart of a Fool" Mr. Dwan has reproduced in a most startling and realistic manner the burning of a coal mine. First he shows us the interior of the fiery mine with the men fighting for their lives—the pictures the deeds of heroism—the crashing timbers—the roaring flames and the horror of it all.

Then he transports us to the surface above where the frenzied women—the wives, mothers, sisters and sweethearts of the men below—watching and waiting for their loved ones.

"In the Heart of a Fool" will be shown at the Eltinge beginning tomorrow. It is a Mayflower Photo-Play Corporation presentation and a First National attraction. It is a picturization of the powerful novel of American life by William Allen White.

PLAYS TONIGHT

Olive Reeves-Smith is one of the stars of "Buddies," which is played at the Auditorium tonight. "Buddies" is said to be one of the best musical shows in the country. Because the company will reach Bismarck on a late train the curtain will go up at 8 p. m.

AN ENEMY TO GOOD HEALTH

Good health has no greater enemy than constipation. Yet cannot "keep fit" for work or play if the bowels are irregular or clogged with a decomposed mass of undigested food from which the blood picks up disease-causing impurities and carries them throughout the entire system. Foley Cathartic Tablets are mild but sure in action. They banish biliousness, sick headache, sour stomach and other ills caused by indigestion. Take one tonight and you will feel better in the morning.

Ends Stubborn Coughs
in a Hurry

For real effectiveness, this old home-made remedy has no equal. Easily and cheaply prepared.

You'll never know how quickly a bad cough can be relieved, until you try this famous old home-made remedy. Anyone who has coughed all day and all night, will say that the immediate relief given is almost like magic. It takes but a moment to prepare, and really there is nothing better for coughs.

Into a pint bottle, put 2 1/2 ounces of Pineix; then add plain granulated sugar syrup to make a pint. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, the full pint saves about two-thirds of the money usually spent for cough preparations, and gives you a more positive, effective remedy. It keeps perfectly, and tastes please—children like it.

You can feel this take hold instantly, and nothing can heal the membranes in all the bronchial system more quickly.

It is a most valuable concentrated extract, the most reliable remedy for throat and chest ailments.

To avoid disappointment, ask your druggist for "2 1/2 ounces of Pineix" with directions and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pineix Co., Ft. Wayne, Ind.

AND, OF, TO, I, A AND IN MOST USED WORDS

Statistician Has Been Counting the Words People Use and and Gives Result.

In that clutter of the tongue and scratch of the lead pencil that goes on from the time one is born to the day of his last slow ride, what word of all those in the dictionary, do you suppose, he uses the greatest number of times?

Folks use the word, "the" twice as often as any other. Next to it is "and." Then follow "of" and "to." Since all of us are experts the little pronoun "I" is the fifth word in use and occurs one-third often as the pronoun, "you." As in, that, for, it was, is, will, and as appear in order.

In eliciting the facts the statistician has disproven the usually accepted theory that he is a dull and tedious individual who can be depended upon to select for his enumerators some of the average run of men and women are not interested. Here is one man of tables and averages who is human. He was, during the world war, Col. Leonard P. Ayres, attached to the office of the chief of staff. He is now Mr. Ayres, director of education of the Russell Sage foundation.

At the close of the war, Colonel Ayres compiled for the war department a statistical summary which showed at a glance what had happened during those months of conflict. Now he has been counting the words people use. The ten next most used words are have, no, with, he, you, at, we, on, he, by. They are all little fellows, who, like Peter Pan, never grow up.

MODERN SAMPSON

Taxicab Driver Refuses to Be Squeezed Between Cars.

Lynn Holden of Youngstown, O., the side being a taxi driver is a strong man. This is the way he proved it the other day:

His taxi had been left in gear at the side of the Erie passenger station. When he cranked the machine it started pushing him ahead up Phelps street. Holden offering resistance lost ground until finally he was wedged between his taxi and another machine parked at the side of the street.

Then Holden got mad. He used his great strength. He kept the car from squeezing him against the other machine.

"Certainly I'm not hurt."

SHORT 5,000,000 HOMES

United States Has 26,000,000 People Living in Temporary Quarters.

Approximately 25,000,000 people in the United States are now living in temporary, crowded and often insanitary quarters, according to officials of the United States Housing corporation.

"The nation is short more than 5,000,000 dwellings and apartments," said Chief Engineer Chase of the corporation. "All hope of improvement must be deferred until next spring. Building now has virtually stopped. It will take the country five years to catch up."

HOG SWAM 26 MILES

But Kentucky Animal Lost Ten Pounds in Weight as Result.

After a 26-mile swim down the Mississippi river a 260-pound hog belonging to L. Jones, near Island No. 2, at Chickman, Ky., returned home with a record as a long-distance swimmer.

The hog was caught in midstream by two Hickman men while fishing. Jones arrived to get the hog, which he said had been on a mound above Columbus, Ky. He thinks the hog fell into the river and was carried down stream by the current. The hog lost ten pounds in weight as the result of its journey.

Then Holden got mad. He used his great strength. He kept the car from squeezing him against the other machine.

MAKE SERVICE COMPULSORY

Local Councils Appeal to All Irishmen of Military Age to Undergo Course of Training in Republican Army.

DUBLIN.—Intensity of public sentiment in Ireland against British rule, is evidenced by the actions of the recently elected Sinn Fein local councils. Westmeath county council has decided that all courthouses in the county shall be closed and the government officials resident in them evicted.

The Irish volunteers have been ordered to see that no judges are allowed to enter the buildings for the purpose of holding any courts not recognized by the Dail Eireann, or republican parliament. Some councils have passed resolutions to raise contributions for the maintenance of the republican army.

Make Service Compulsory. At Claremorris, County Mayo, the local council has adopted a resolution appealing to all Irishmen of military age to undergo a course of training in the republican army, and will not give any position in the service of the council to men who have not undergone such training. In other places the local councils have decided to cut off the water supply from the police and military barracks. At Enniskerry, County Westford, where this was done, the authorities promptly hit back and the council room was raided by police and soldiers.

Meetings have just been held throughout Ireland for the purpose of selecting the judges who are to preside over the Sinn Fein parish courts. Dr. E. K. Roberts and Harry Van De Linder reported exciting experiences after a day at Point Magu, passed in hunting sharks in this manner.

In many instances, they said, the sharks swam out to see with the arrows sticking in their bodies,

SPORTS

BASEBALL FANS CALL MEETING TO PLAN TEAM

Declare That Bismarck Must Start 1921 Team During The Winter

Why not start forming the 1921 baseball team now? This question is asked and answered by some enthusiastic fans of the city. They say that if Bismarck is to have a real team next summer, the fans can't sleep on the job. They hold that work of getting the team, mapping out a schedule and financing it must start this winter.

They urge baseball fans to meet Tuesday night, Nov. 23, at 8 p. m. at Pratky's store on Broadway.

This is their view:

Baseball will undoubtedly have the biggest year of many seasons in 1921. Last year was the first real baseball year after the war, and with Sunday baseball allowed.

A lot of North Dakota towns plan real teams. They are getting busy now, lining up and signing up players. Towns in other states are doing the same. If Bismarck does not line up her players this winter, they won't be found next summer.

Many North Dakota towns are making out their schedule this winter. To get favorable dates, some games must be arranged before the season opens.

Financing a baseball team is a real business problem, and ought to be planned in advance. Dances and other means of raising funds to give the team a good start next summer should be employed. Money can be raised without conflicting with any other money-raising efforts in the city.

A lease must be signed for a park, and if a new park is to be built, plans must not be delayed.

There is no reason why plans should not be inaugurated immediately; there is every reason why they should.

This is the view of a lot of fans who have called the meeting, and they urge all loyal baseball enthusiasts to be present.

HAL CHASE NOT TO FACE JURY

LOS ANGELES, Cal., Nov. 18.—Hal Chase, former major league first baseman, will not respond voluntarily to the indictment issued against him by the Chicago grand jury in connection with its inquiry into alleged baseball crookedness, he said here today. He also said the New York National League club had offered him a contract which he had refused.

BENNY, LEONARD GIVEN DECISION

NEW YORK, Nov. 18.—Benny Leonard, the lightweight champion, secured a technical decision over Harlan Eddie Kelly in the fifth round of a scheduled 12 round contest at the Commonwealth Sporting Club here last night.

The referee stopped the bout after Leonard had severely punished the local boxer.

FARGO HIGH IS FOOTBALL VICTOR

Fargo, Nov. 18.—Fargo high school again conquered a traditional rival when they crossed the Moorhead high school goal line three times at League Park yesterday defeating the East-siders by the score of 20 to 0. Within the last two minutes Moorhead staged a whirlwind finish which brought the ball from the center of the field to the Fargo one-foot line. With thirty seconds left to play, the Fargo team rallied and threw the Moorhead runner back for a 3 yard loss. The whistle blew before the next play could be called, ending the game.

HAVANA MECCA OF THE WETS

Havana, Nov. 18.—About the only persons seen on the streets of Havana who show symptoms of over-indulgence in intoxicants are Americans. This does not mean, however, that all the Americans who come here drink to excess.

Beer and light wines are so much part of the Latin life that it has no intoxicating effect. They drink moderately. But some visitors from the dry land seem to drink constantly, once they find a bar.

Hobo From Home

To Americans, however, the most disagreeable and sickening picture is the hobo from home, a hopeless, wretched figure that infests hotel lobbies. His panhandling is brazen. They pick out people spending their own money, and without shame boldly announce that they want money for drinks. They long ago discarded the appeal for help to get the other shirt from the laundry.

Most of these unfortunate did not follow the flag; they followed the whiskey trail, generally as stowaways or in ship crews down the deserted, once within swimming distance of the docks. But for passport regulations, Havana police authorities say, there would be hundreds more from the United States with a thirst and no visible means of support.

China happens to be the nearest "foreign country" to the states, and government officials here declare that much of the growing travel is due to the fact that the island is dry. It is a big item of revenue, and has helped put it in the lead in everything.

BENNY WILL TRY "BIG SHRINK"

Shrinking to make ring weight is bad medicine for boxers.

The whittling off a few pounds has, in many cases, proved disastrous, but nevertheless the boys continue to do it.

Champion Benny Leonard, who has grown to be a heavy lightweight, will risk his title honors by reducing in his first championship fight in New York under the Walker boxing law on Nov. 26, when he meets Joe Welling of Chicago.

The weight difference has kept him from meeting the best of the 132-pounders for so long that the champ has come to the point where he has to do the challenging.

Welling Heavy

That's how he got the Welling mirth. The Chicagoan, however, is also a heavy lightweight and can do 135 pounds much easier than 133.

FARM PROBLEMS TO BE DISCUSSED BY SEN. LENROOT

Sioux Falls, S. D., Nov. 18.—Problems affecting farm organizations will be discussed and acted upon at the annual meeting of the Farmers' Grain Dealers' association, which is to be held here December 14, 15, and 16.

Senator Lenroot of Wisconsin, will address the convention in the evening of the second day on the subject of the Great Lakes and St. Lawrence river dredge project.

Clifford Thorne, general counsel of the national association, will deliver an address on general transportation problems in the afternoon of the second day, and Charles Latchaw, secretary of the Ohio association, will follow with an address on collective purchasing.

C. O. Drayton, president of the Farmers' Equity Union of Illinois, and J. K. Howard, president of the American Farm Bureau federation, are among other speakers on the program.

Protection in marketing, the establishment of a wholesale purchasing association, terminal elevators, commission companies and national bonding and auditing associations are among the main features to be gone over by the convention.

Election of officers for the coming year will close the session. It is expected that more than one thousand persons will attend.

Invites Husband To Dine Then Cuts His and Her Throat

Paris, Nov. 18.—One thousand francs only remaining of her former wealth, Madeleine Moreno who was a renowned singer in gay Paris theaters before she married Joseph O'Brien, a coachman for one of the wealthiest residents of the Champs Elysees, invited her husband out to dinner a short time ago.

To one of the most expensive restaurants in Paris, the scene of Mademoiselle Moreno's former splendor, they went. They returned home about two o'clock in the morning, minus the 1,000 francs. An hour later Mrs. O'Brien cut her husband's throat with a razor, then committed suicide.

The concierge of the apartment, where the couple occupied a handsomely furnished flat in a street leading from the Champs Elysees, reported the matter to the police and in a few minutes a distinguished looking man called.

He made many inquiries concerning the affair, which the concierge answered.

"Mr. Police Commissioner," she ended, "please hurry and have the bodies removed from the flat."

"I am not the Police Commissioner," replied the visitor, "but you admit the flat is vacant, that the price is so much then I will rent the apartment. I have been looking for one for over a year."

Rheumatism Comes From Tiny Pain Germs

First of all, get it firmly fixed in your mind that all the liniments in the world have no effect whatever on Rheumatism.

A very common form of Rheumatism is caused by millions of tiny disease germs which infest the blood. The one and only sensible treatment, therefore, is one which cleanses the blood of these germs, and rids them entirely out of the circulation.

Bootlegging Traced To School Girl Ended By Educational Board

Huntington, B. C., Nov. 18.—Educational professional "bootleggers," whose activities have been widely explained in newspapers, a little school girl there came to grief when the school board learned of her new role.

Thrilled with the romance of carrying a bottle secretly and the mysterious power of passing along something that was eagerly sought, she obtained entrance to the parental cellar and favored boys who knew the rendezvous could obtain a drink of the choking "firewater."

It was also possible to get a whole

bottle, and the price was just what the purchaser could afford to pay. One went for twenty-five cents, another for half a dollar, and a third was much more costly, netting seventy-five cents to the young vendor.

half a dollar, and a third was much more costly, netting seventy-five cents to the young vendor.

Old Fashioned Dollars

In the days of the "old-fashioned dollar" food and clothing cost but a fraction of what we have to pay today. Twenty dollars a week was then an excellent salary.

There are numerous estimates on the percentage of decrease in the purchasing power of the "modern dollar," but everyone knows that prices will take a drop some of these days.

So a dollar is about the cheapest thing there is today. Why not buy up a few each week, put them in this bank and wait for the rise in value?

It isn't much of a risk for the titleholder at that, since Welling has always lacked the something that makes champions.

Efforts on the part of Promoter Tex Rickard to secure the real contenders—Lewis Tandler, Richie Mitchell and Willie Jackson—dropped out of the program when their demands were made known.

Tandler asked a \$50,000 guarantee. Mitchell was more conservative and wanted but \$25,000. Jackson in-

Things Change Rapidly in the Stores These Days

New things are coming in all the time.

To buy intelligently, you must know not only the goods, the styles, the varieties, the prices and the like, but you must know where the goods are to be had.

The one sure way to keep up with the times is to be a regular reader of the advertisements in your paper.

They are full of suggestions. Often your eye will catch the very article you need, at an advantageous price—or something new

to you, something out of the ordinary that will be helpful to you.

If you don't buy today you will tomorrow. You

are not wasting your time when you are learning to know goods and how to talk knowingly to the clerks and salespeople.

Reading the advertisements makes you a posted buyer—an up-to-date buyer.
